TITLE OF THE COURSE

INTERNATIONALISATION OF THE PRE-SCHOOL SETTINGS

VENUE OF THE COURSE

PARMA, ITALY

CONTENT AND MAIN LEARNING OBJECTIVES

The course aims at recognizing the importance of internationalization in the context of early childhood education. Indeed, participating in international activities allows early childhood educators to stay updated professionally, exchange best practices, and develop an intercultural perspective. They can improve their language skills and build global professional networks. These experiences enhance teaching quality and prepare children for a globalized world.

Thanks to this course, students will understand the idea and benefits of internationalization and learn how to incorporate the concept in a preschool settings. Furthermore, the participants will assess the organizational capacity to be able to improve internalization in preschool through a strategy. Finally, the participants will also learn about the Project Cycle Management (PCM) method and thereby be able to plan and implement projects with Erasmus+ programme. Additionally, participants will gain knowledge of the Erasmus+ education funding program, including its objectives, funding mechanisms and application process.

MAIN LEARNING OBJECTIVES:

- to acknowledge the role of internationalization in professional and personal development.
- to assess the organisational capacity and improve the degree of internationalisation of the pre-school through a strategy. to learn how to plan international activities.
- to foster engagement and activate all pre-school components (children, staff, families, community) in international activities. to plan and implement projects with Erasmus+ through PCM.
